## MONTHLY NEWS LETTER FROM BARANAGAR MUNICIPALITY

### From Chairman's Desk

#### To Keep Our City Clean

As we all see garbage and waste materials thrown on streets, public places, almost everywhere. want to know simple steps to keep our city clean, then, few simple steps are discussed here. If each one of us can keep our home, building, colony and city clean, then, the country will be clean.

We all love our family and our home and we keep our home neat and clean. How many of us think about keeping cleanliness outside our resident? Very few, right? That means, we don't love our country with our heart. If I am wrong then why our city, streets, roads are so dirty? Every city, roads, transports, stations etc all belongs to us. Actually this country belongs to us and it is our home. Then, why are we making it so dirty? but, just we are paying tax that does not mean that we can do anything. Spitting, throwing waste in public places is an offence. Still we are doing these mistakes every day. I know that we are not doing these mistakes intentionally but it is happening and because of this we are making our city dirty. Even while travelling or roaming we used to throw papers and chips wrappers on roads. On most of the road we see garbage at its corner and which can be the reason behind all serious diseases like fever, malaria etc . And I don't think that anyone want to get ill. We can avoid such things very easily. Simple, but important steps should be taken by us to keep our city clean:-

- While traveling doesn't throw any wrapper, paper or any dry waste on road. Keep it in your bag or pocket (as it is a dry waste you can keep them in your bag/pocket).
- Keep paper bags with yourself to store wet waste and throw them in dustbin only.
- Avoid spitting on roads (as it can be the reason of viral disease).
- Avoid chewing Pan-Masala, Gutka and Tobacco.
- Avoid use of plastic bags.
- Follow government's rules and regulations.
- If someone is breaking the rule then make them aware of it.
- Stop your friends if they are making such mistakes.
- Spread awareness to keep our city clean.

*Thanks & regards,*
